## MORE FIGHTING IN STREETS OF IRISH CAPITAL

Insurgents Are Holding Out Against the Determined Free Staters Attacks.

DE VALERA LEADS

Government Troops Gain Some Position During Sunday Night.

(By the Associated Press)  
DUBLIN, July 3.—The final assault on position held by republicans in Sackville Street was begun at nine o'clock this morning and the assault was continuing an hour later when this dispatch was filed.  
The other areas held by the insurgents in various parts of this city were occupied by the Free Staters last night.  
Heavy fighting was going on in Sackville street which was being swept by machine gun fire. The national army forces were operating from O'Connell Bridge to Parnell Monument. The return fire of the insurgents was feeble.  
The machine gunners were maintaining a devastating fire against the front of the building, particularly pressing the attack on Hammerman's Hotel where Eamon de Valera was believed to be holding out following his flight from the Gresham hotel.  
Despite the great danger from stray bullets a large crowd was watching the fight from a distance.  
The Stephens-Green club which had been held by the irregulars since Friday, was captured by the national army forces today. The irregulars had evacuated the position.  
The casualties in Sunday's fighting in Dublin were 11 killed and 166 wounded.  
Rebels Offer Stiff Resistance  
DUBLIN, July 3.—(1 p. m.)—The battle in Sackville street area is still raging at this hour. The insurgents are replying vigorously to the machine gun bombardment.  
De Valera Among Rebels  
London, July 3.—According to an Evening Standard dispatch from Dublin, this afternoon, the priests sent away from the Gresham Hotel by the Republicans confirmed the reports that Eamon de Valera was with the beleaguered garrison.  
The message quotes one of the priests as saying in regard to the republican leader:  
"He is there alright. He almost cried when I shook hands with him."  
The message added that the lord mayor, who with the Arch-Bishop of Dublin, acted last evening as interveners between the nationals and besieged republicans, has been made prisoner.

Five Million Foot Gasser at Sayre Opens New Field  
(By the Associated Press)  
SAYRE, Okla., July 3.—A gas well which experts declare is making 5,000,000 cubic feet a day was brought in three miles south of here on the edge of the north fork the Red River. The nearest producing well is in the Cement field, approximately 100 miles east. The well came in at 2740 feet.

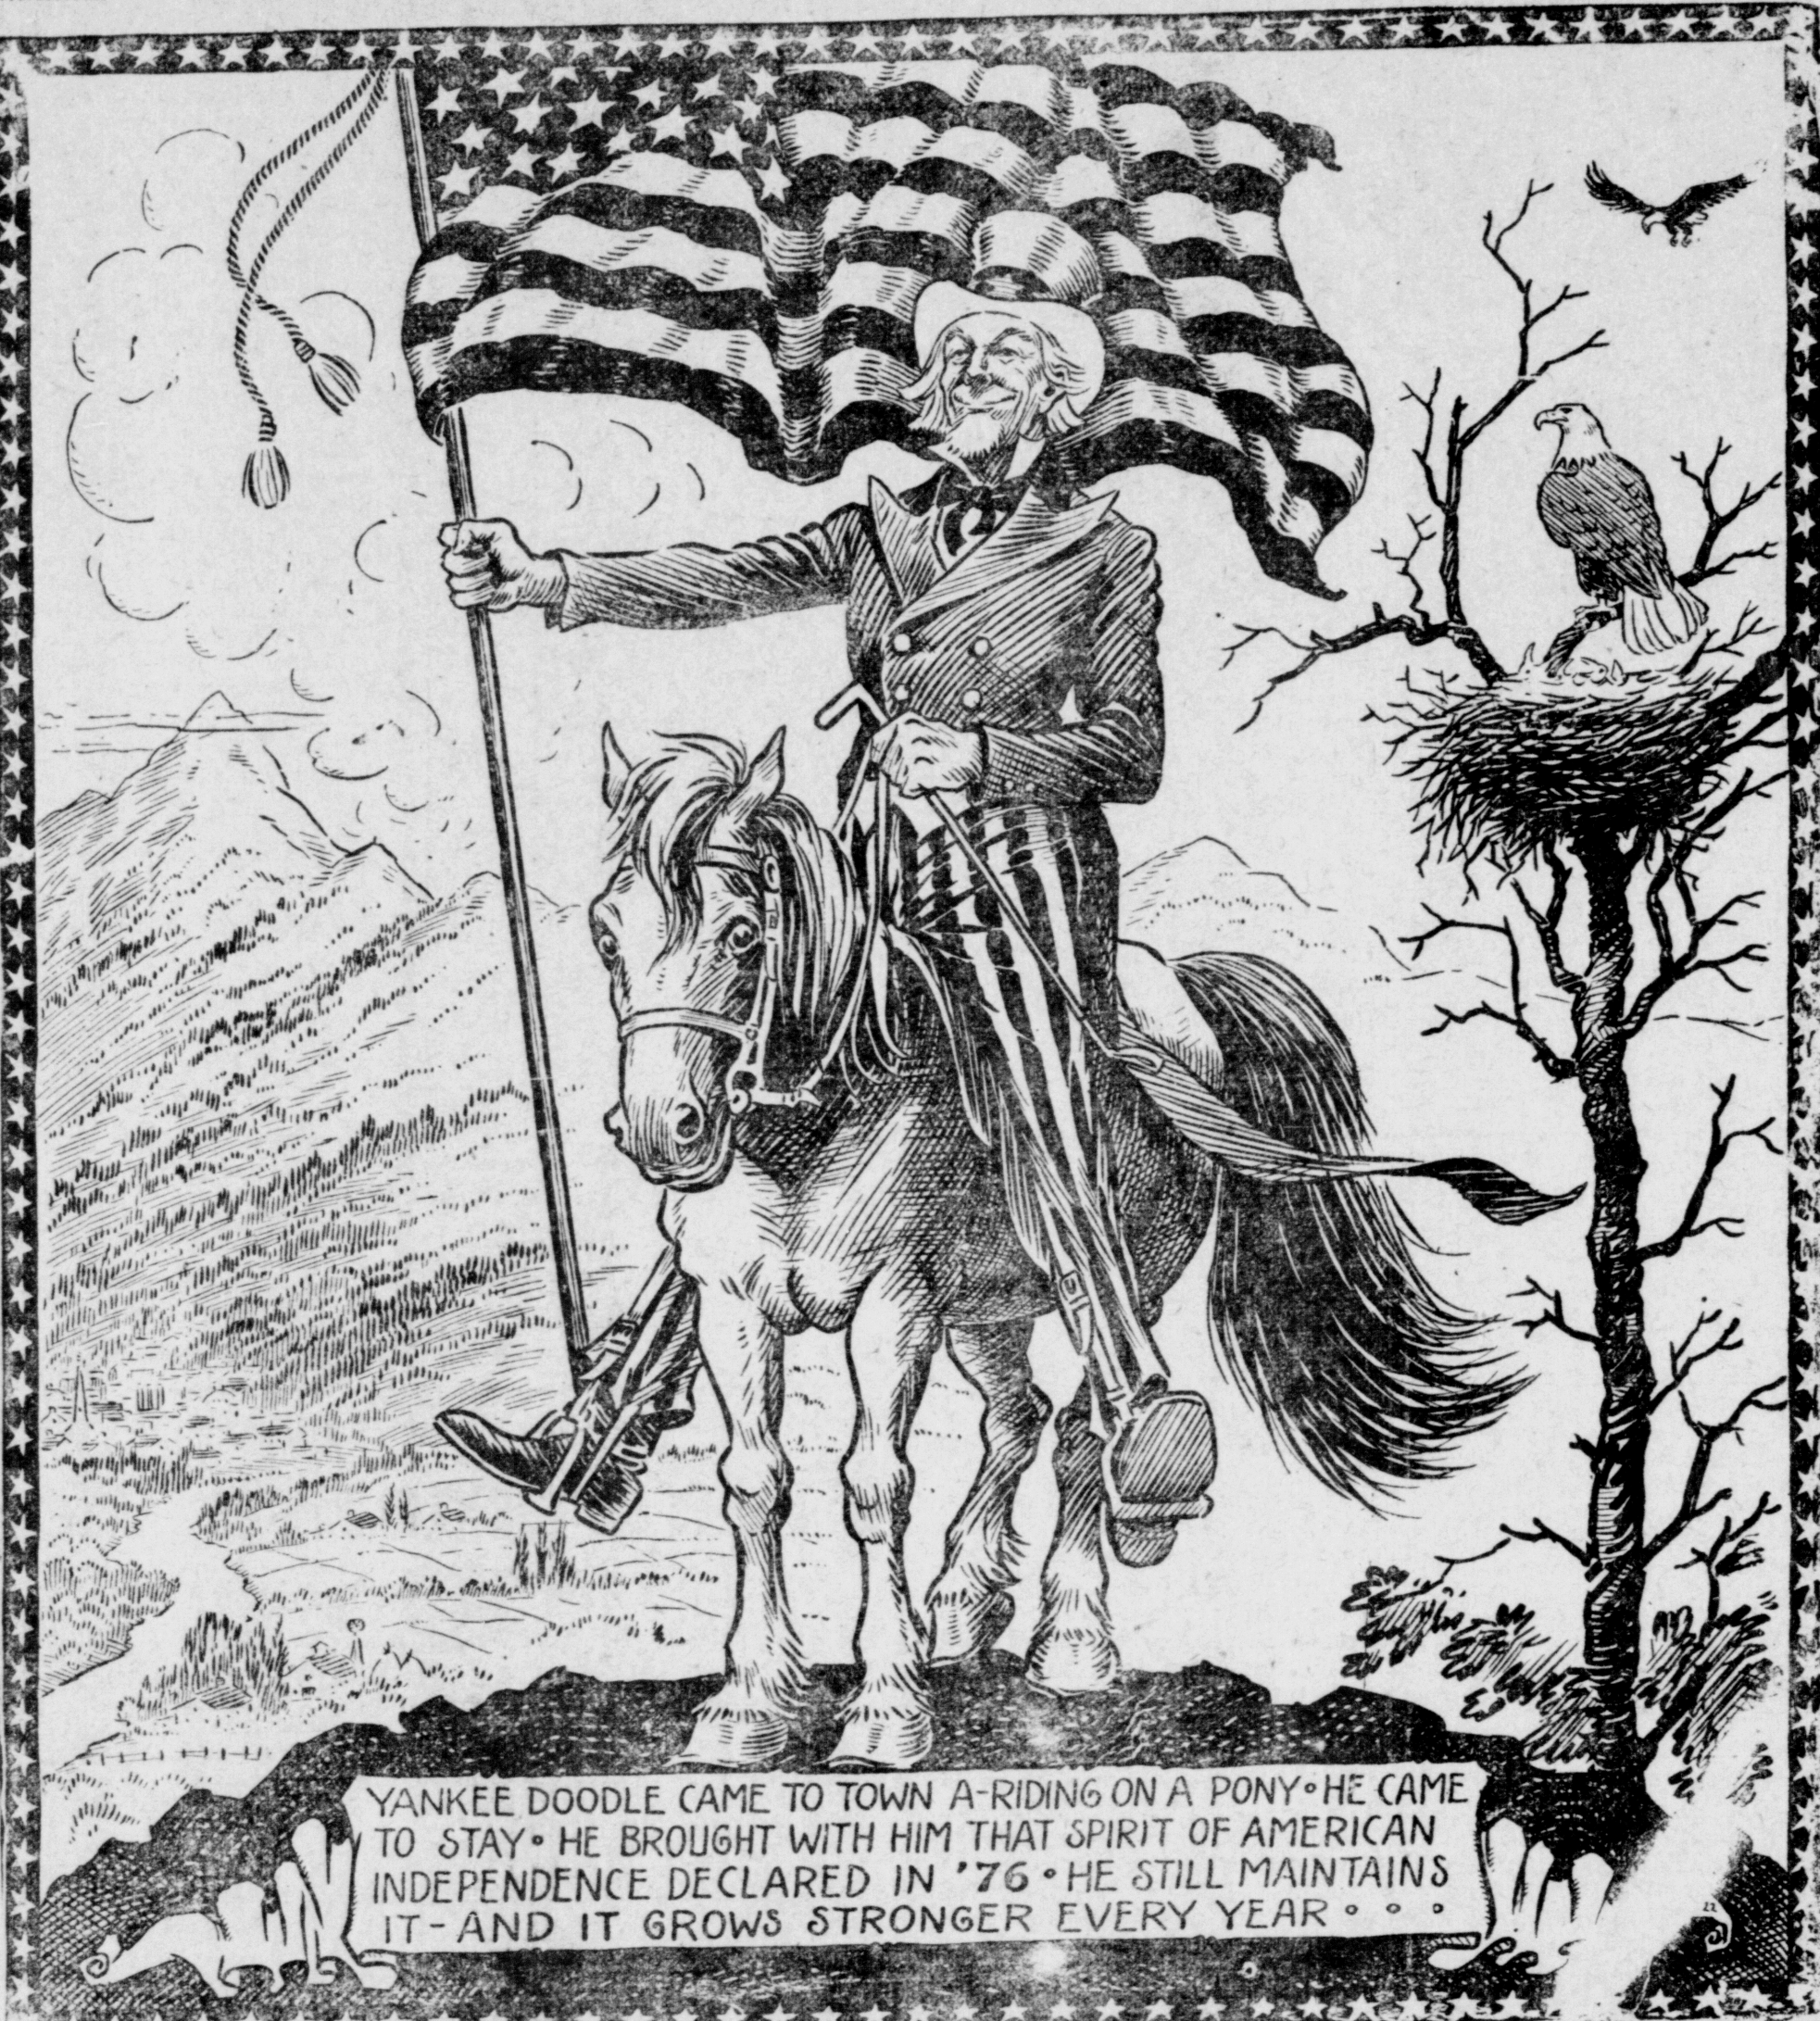

LOUIS KEPLER SHOT AND KILLED AT HOCKERVILLE  
(By the Associated Press)  
MIAMI, July 3.—Louis Kepler, 37, is dead, and Jesse Drane, 32, is held in the county jail here as the result of a shooting early Sunday morning at Hockerville, at the home of Mrs. Ethel Morlan, a widow, with whom Drane and his wife have apartments. Drane said he killed Kepler with a shotgun after he had warned him to leave the premises and said he himself was shot at by Kepler, whom he took for a night prowler. Drane immediately surrendered.  
Both men are miners.

REPORTS FROM STATE BANKS ARE CALLED FOR  
(By the Associated Press)  
OKLAHOMA CITY, July 3.—A call for the condition of all state banks at the close of business on June 30 was issued here today by Roy Wolcott, acting state bank commissioner.

Mrs. H. C. Thompson of East 17th street has as her guests this week her mother Mrs. P. A. Pegues of Longview, Tex., and her sister Mrs. Chas. E. Basham of Wichita Falls, Tex. Mrs. Basham's husband is vice-president of the City National Bank of Commerce of Wichita Falls.

The peanut can lay claim to being versatile. In summer it serves as ball games and movie shows and in the fall it serves at politics

## Commemorating the 146th Birthday of Our American Independence

YANKEE DOODLE CAME TO TOWN A-RIDING ON A PONY. HE CAME TO STAY. HE BROUGHT WITH HIM THAT SPIRIT OF AMERICAN INDEPENDENCE DECLARED IN '76. HE STILL MAINTAINS IT—AND IT GROWS STRONGER EVERY YEAR.

## BOARD DECLARES 6 UNIONS OUTLAW

Resolution Declares Unions Have Forfeited Rights Before the Board.

(By the Associated Press)  
CHICAGO, July 3.—The six railroad shopcrafts unions which went on strike Saturday were outlawed by the United States Railroad Labor Board today.  
In a formal resolution, the board declared that the unions, by their actions, forfeited all rights before the board as railroad employees and that a new organization of shopmen taking the striking men's jobs should be formed to represent the shopcrafts employees in disputes before the board.  
Both Sides Standing Pat.  
CHICAGO, July 3.—With the striking shopmen formally outlawed by the United States Railroad Labor Board, both the strikers and roads were standing pat all over the country in an unyielding position today. Heads of the shopmen's unions here reported a complete walkout so far as their reports were concerned. Most of the roads in the absence of definite details on the situation, declined to make any statement.  
Interest in the railroad strike situation centered mainly in Detroit, where the United Brotherhood of Maintenance of Way employees and railroad shop laborers were to decide today whether they would cast their lot with the six striking shop unions. E. F. Grable, president of the brotherhood, agreed with the labor board last Friday that he "would use his influence" to prevent a strike. Last night, however, he said if the vote was in such proportions as to call for a strike, it would be his duty to call one.

Katy Serves Notice  
DENISON, Tex., July 3.—Personal letters to members of the six federated shopcrafts on strike have been mailed by the M., K. and T. railroad advising the strikers that their places will be held open for them until July 5, after which time they will be declared vacant, the offices of the mechanical superintendent announced here today.

## BALTIMORE FIRE CAUSES LOSS OF FIVE MILLIONS

BALTIMORE, July 3.—The fire which swept the Locust Potomac river front of the Baltimore and Ohio railroad last night caused damage estimated by the company at \$4,804,990, and seriously threatened a public health service hospital at Ft. McHenry.  
Two elevators containing 1,274,000 bushels of grain, two warehouses and a pier laden with merchandise, a power house, drying shed, barges and other structures crumbled within a furnace that stretched along the water front over an area of six city blocks. Two firemen were seriously injured by falling debris.

McCUMBER GIVES VIEWS ON CAUSE OF DEFEAT  
(By the Associated Press)  
WASHINGTON, July 3.—Senator McCumber, republican, North Dakota, in a letter made public today by him attributed his defeat for reelection in the North Dakota primaries to "the by-partisan combination which had been organized against me on the one side and the non-partisan organization, which so supported my opponent."

## HAMBONE'S MEDITATIONS

HEAP O' TIMES YO' FRIENDS THOW'S YOU DOWN CASE DEY GITS TIAHED O' KEEPIN' YOU UP!

Weather  
Probably fair tonight and Tuesday, somewhat warmer Tuesday.

## LITTLE CHANGE STRIKE STATUS

Stationery Firemen May Go Out; Some Shopmen Are Reported at Work.

(By the Associated Press)  
CHICAGO, July 3.—Timothy Healy, president of the stationery firemen and others union, today dispatched a telegram to 150 of his local unions telling them their members "have a perfect right to strike now" if they so desire. The message were sent in answer to an inquiry asking authority to join the striking railroad shopmen and reports to Mr. Healy today said that about half the firemen and others had already quit work.  
Say No One Will Starve.  
NEW YORK, July 3.—Assertions "that nobody will starve and nobody will freeze" even though the strike of shopcraft unions should continue until October, the season of heaviest traffic, officials of the American association of railway executives today announced they would maintain a "hands off" policy, leaving each road to the task of extracting itself from the strike.

Many at Work at Topeka.  
TOPEKA, July 3.—According to a statement by John Purcell, in charge of all shops on the Santa Fe system, 1167 men reported for work in the Santa Fe Topeka shops, the largest on the system, this morning. The total number of the shop's payroll June 30 was 2,476.  
Some Return on Pennsylvania.  
ST. LOUIS, July 3.—Local officials of the Pennsylvania railroad today announced that six of the 156 shopmen who went on strike here Saturday, returned to work today and that they understood strikers were returning in groups of ten and fifteen all over the system. The Pennsylvania has settled the wage question with its shopmen, it was added.

Notice Masons  
There will be a regular meeting of Ada Lodge No. 119, A. F. & A. M., this evening at 8:00 o'clock. Visiting Masons welcome—F. R. LAIRD, W. M.

## Posse of 500 in Pursuit of Negroes Wanted for Murder

(By the Associated Press)  
MUSKOGEE, July 3.—Five hundred fresh possmen were taken into the field this morning, the beginning of the second week of the most exciting man hunt this section has seen in years, the hunt for John Welch and wife, negroes, who last Tuesday murdered Homer Teaff, deputy sheriff. Convinced that the fugitives are hemmed in by the vastness of Bushy Mountain, Sheriff J. D. Robbins was determined to end the hunt today, with the negroes dead or alive.

## SENATOR CROW IN SERIOUS CONDITION

(By the Associated Press)  
UNIONTOWN, Pa., July 3.—United States Senator W. E. Crowe, ill at his home near here, was in a weakened condition today, his physicians announced.  
Late last week the senator had improved to such an extent that he was permitted to receive visitors. Yesterday President Harding and his party stopped at the Crowe residence while en route to Marion, Ohio.

## HARDING EN ROUTE TO OLD HOME AT MARION

En Route with President Harding to Marion, Ohio, Uniontown, Pa., July 3.—In high hopes that by evening he would be in his home town for the first time since entering the White House President Harding today started on another lap of his automobile journey to Marion, Ohio.  
The President and Mrs. Harding made an early getaway. They were anxious to arrive in Marion by night. Today's route carried the President through the bituminous coal fields in Pennsylvania, West Virginia and Ohio, whose miners have been on strike for several months.

## No Paper Tomorrow

Along with all other business concerns of the city the News will take a holiday tomorrow and no paper will be issued. The force will join the celebration and make a day of it.

Try a News Want Ad for results.

## New York Prepares To Adopt Glad Hand Style of the West

(By the Associated Press)  
NEW YORK, July 3.—New York the second largest city in the world—some claim it is the largest—is going back to the favorite boom method of the small town. It is going to appoint a "Welcome Stranger Committee," figuratively to extend to the visitors the keys of the city.  
This action was decided upon after the New York Hotel Association set forth that folks in other parts of the country had got an entirely wrong idea of the city from math they had read about it in the newspapers.  
The job of the new committee is to make it known that, despite the accounts of murders, suicides, hold-ups and scandals that have been featured in the news, New York is just as safe as any Gopher Prairie—with better water, milk and police protection to boot.  
New York is particularly anxious to get this idea across immediately, for it is in the summer that honeymooners flock to the city from the ends of the land.  
And the hotel men feel that these visiting couples, perched atop buses touring the city, are some what neglected. They need someone to shake them by the hand and show them the invisible ropes of the town, leaving them to pick out Lady Liberty, Grant's Tomb and the Woolworth Tower for themselves.  
A meeting was called at which shopkeepers, transportation lines and theatrical interests were all represented and it was decided that the visitors must be personally shown that the idea is all wrong that everybody is out to rob him as soon as he sets foot on New York sidewalks.

## Would Disqualify Judge M. L. Bozarth In Robertson Case

(By the Associated Press)  
OKMULGEE, July 3.—Presentation of a motion for the disqualification of District Judge Mark L. Bozarth which attorneys for Governor J. B. A. Robertson announced Saturday would be filed today, was passed over until July 5, when County Attorney James Hepburn objected to taking up the matter because of the adjournment of the court Saturday until Wednesday.  
F. B. Thompson, Sapulpa, and Joe Eaton, of Okmulgee, appeared for the governor. Mr. Thompson announced that Governor Robertson would not appear in person when the court convened Wednesday, the day set for arraignment, due to the introduction of filing preliminary motions.

## NO AGREEMENT IN MINE STRIKE

Operators Want District Agreements, Miners Insist on National Scale.

WASHINGTON, July 3.—Deadlocked over a basis of negotiating a settlement of the bituminous coal strike, the conference of operators and union mine workers officials, excepted the suggestion of the government representatives and adjourned until next Monday.

When the adjournment was taken at 1:30 o'clock this afternoon, after two joint sessions at intervals separated by a session of operators in one group and miners in another, Secretary of Labor Davis, one of the government representatives, said that no agreement had been reached, no committee appointed to continue the discussions during the period of adjournment, and no specific program for future discussions made although many different plans had been proposed.

Asked as to the indications for a successful ultimate outcome of the conference which assembled Saturday at the request of President Harding, Mr. Davis said with the agreement of Mr. Hoover, that "as long as we hold them together there is hope."

The government so far as could be learned did not prepare any proposal as to a basis for the end of the strike, which has been in progress since April 1, but there was a belief in some quarters that when the conference reassembles Monday President Harding, who then will have returned from his Ohio trip, will have a government proposition before the conference.

The adjournment it was said in government circles will be allowed both the operators and miners an opportunity to talk with their colleagues in the fields. John L. Lewis, president of the United Mine Workers will remain in Washington and it is considered likely that Alfred M. Ogle, president of the National Coal Association and head of the operators will do likewise.

## CELEBRATION AT GLENWOOD PARK UNDER WAY

Crowds Turn Out To First Day's Events; Plenty of Barbecue.

BIG JULY 4 PROGRAM

Many Features of Interest Planned; Prepared for Large Attendance.

One of the most elaborately celebrated Fourth's of July in Ada's history will be featured here Tuesday in connection with the big two-day picnic and celebration which started here this morning. First reports from the picnic grounds today were that a large crowd had attended the morning session and that ever increasing crowds were coming in for the afternoon and evening programs.

Reports from the headquarters of the Retail Merchants Association were to the effect that fifteen beehives had been killed today and were being prepared this afternoon for the big barbecue tomorrow. The meat will be cooked all night and tomorrow morning, with serving of it with a light lunch starting promptly at twelve o'clock Tuesday. This will be free to every visitor to Glenwood Park at that time, it was said. Bill Coffman has charge of the barbecue.

Celebration is On  
Although this afternoon and evening was given over to groups of pleasure seekers and Boy Scouts, the day was well spent, late reports indicate. Many out of town people were arriving this morning, most of them bringing camping equipment to stay overnight. Extra policemen have been employed by the city and those in charge of the affair state that a full force of assistants have been named to keep ice water and other ground equipment in first class shape.

While today was given over to preparation for the big day tomorrow definite plans were being completed for the greatest day any city in the state can boast of. Four distinct events have been arranged for tomorrow's program consisting of a parade by the national guardsmen, a free barbecue, a baseball game, and a 30-round boxing exhibition and the general picnic celebration, including band concerts, dancing and other features.

Guards to Parade  
The day's program will open at 11 o'clock Tuesday morning with the parade of the two companies of Oklahoma National Guardsmen. In addition to the 160th Field artillery band, composed of about 30 pieces, Battery F of the 160th Field artillery and Second Battalion Headquarters company of the 189th Field Artillery will be in the parade. Practically all the field equipment of the two companies will be included in the parade.

Officials of the merchants bureau, who secured the services of the guardsmen as the opening feature of the day's events, said this morning that guardsmen would be expected to meet at the armory at ten o'clock and that conveyance would be furnished to take them to the college campus, where the parade will start.

Car owners who will be willing to take a few minutes off and carry a load of guardsmen to the college from the armory are requested to get in touch with Mr. Williams at the credit bureau today of early Tuesday morning.

The parade will progress west on Main from the college to Twelfth and south on Stockton to Twelfth, back east on that street to Broadway and from Broadway north to Main, turning to the picnic grounds from this point. This will be the first time that both companies have appeared publicly on the streets of the city.

Baseball Game  
In the afternoon, beginning at 3:30 o'clock a baseball game between Ada and Pauls Valley will be played at Fair Grounds park. This game will be the third of a series of three games, the second of which is being played at Pauls Valley today. Ada took the opening game here Sunday afternoon. This will be the second feature of the day's program.

In the evening the American Legion boxing card promises to be a good number. Thirty rounds of fast boxing are scheduled to be fought in the tent now being erected in Glenwood Park, where the entire picnic is being held. The big free barbecue at noon will be the fourth feature of the day's events.

Band Concert  
Dancing tonight and tomorrow night will be featured. Band concerts this afternoon and Tuesday evening will also be provided for the pleasure seekers. Glenwood bathing pool is open to all except from the hours of 5 to 8 o'clock this evening.

## BIBLE THOUGHT OF TODAY

WINNING AN ENEMY—If thine enemy be hungry, give him bread to eat; and if he be thirsty, give him water to drink.—Proverbs 25:21.

## A MENACE

One of the greatest menaces to our country today is the stirring up of class hatred by soap box politicians and the bolshevist element of the press. No government can exist when any one class rules the country and governs for its own benefit. France prior to the Revolution is one extreme and Russia under the rule of Lenine and Trotsky is the other. All classes must be given a fair show and stirring up hatred and creating imaginary classes is a very dangerous thing to do. Any class can be persuaded that it is the under dog and ought to sharpen its fangs to tear the daylight out of all others. This is the weak spot in human nature upon which the demagogue plays in his efforts to gain power and money for himself.

## LOTS OF CANDIDATES

The Republican politicians evidently think that the landslide of 1920 is still pushing along, judging from the number of candidates who have filed for state offices. Nearly every office has as many or more aspirants among the Republicans than among the Democrats. Corporation Commissioner is the favorite, thirteen filings having been made as against nine by Democrats. Ten are seeking the lieutenant governorship as against nine Democrats. Both tickets are so well filled that it is evident that there is a big chunk of disappointment in store for somebody. The Salt river packet will be swamped after August 1 and again after the final round in November.

Scientists examining meteorites are finding evidences of fossil remains of the lower forms of animal and plant life. This would indicate that these stray visitors from space are fragments of some other world that has been shattered in some unexplained way and that at one time such a world contained life similar to that on this planet. These is nothing particularly impossible about this or even improbable for it is hardly reasonable to suppose that this little world of ours is the only spot in the infinite universe where life is found. It may be that no form of communication will ever be devised to get in touch with other worlds but the probability of the existence of intelligent beings on some of them is strong.

A shark is not supposed to be a very popular individual among the inhabitants of the deep, but he always has a following of small fry that stays with him not for any particular affection they feel for him, but that they may pick up scraps from his feast when he devours a victim. The same principle applies to the human family. Many men are followed and lauded by others of smaller calibre simply because of the pickings the little fellows get or expect to get. When adversity strikes such a man he is about the most lonely creature that ever happened along.

Tomorrow will be the anniversary of the nation's birth. It marks one of the great turning points in the history of the world and was the real beginning of free government by all classes in which all classes had an equal voice. It is not only the great national holiday but is marked by the liberal government advocates throughout the earth. It is fitting indeed that the citizenship of the United States should turn out en masse and rejoice in the blessings that have come as a result of the courage of the founders of this nation.

The Tulsa World draws the conclusion that the defeat of McCumber is largely due to his insistence on a soldiers' bonus. He has been one of the most outspoken advocates of this measure and now he has lost out. Whether his stand on this question had anything to do with it or not it will be interesting to note if his enthusiasm cools now that he knows where he stands with his constituents.

No one has yet advanced a valid reason why any of Tom D. McKeown's opponents could be expected to fill a seat in congress to better advantage than he. The others are all new men and would need at least two or three years of service to attain a standing that would enable them to accomplish much. McKeown's four years of service put him in a position to be of even greater service than before.

A wedding took place a few days ago in an airplane 3,000 feet above New York. An exchange remarks that it was lucky for the groom that the bride did not change her mind at the last minutes as some have done, and throw him over.

## A NEW CAR BUT THE OLD TROUBLE!

## Farmers' Column

By Byron Norrell

It is possible to get two crops of grapes in a season by doing some pruning in June and the early part of July. Last summer we had occasion to break off some runners on our vines. The new branches that came out bore grapes which ripened in November. We ate them on Thanksgiving day. Recently S. J. Armstrong, our neighbor on East 12th, pruned his vines closely. The new branches are putting on grapes and he will probably get a fair sized fall crop.

Speaking of grapes I recently saw a demonstration of the Munson system, said by nurserymen to be the best method in caring for this fruit. W. L. Whitaker is following it. The posts are about five feet high and near the top of each is a cross piece on the order of those on telegraph poles. A wire is strung along each end and another is fastened to the posts about a foot below the cross arm. When the vine reaches the first wire it is pruned to two runners, one reaching in each direction. As they put out branches they reach the two wires above and these afford ample room for the vines to grow and bear.

Unless the hot winds hit this section there is no doubt about a fair corn crop this year. If a good crop is made it will be the fourth in succession which is a new record. It means lots of fat hogs this fall and winter.

Col. John G. James of Roff has sent me a clipping from a farm paper concerning the use of calcium arsenate and molasses as a remedy for the boll weevil. He explains that he does not know personally how it works, but is offering it for publication and every farmer can judge for himself and try it if it suits him to do so. I might add that the government experimenters do not recommend the molasses method.

The article in question is by D. R. Coker, an extensive cotton grower of Hartsville, S. C. He says he has used it and found it highly effective, and that he has good reports from several of his neighbors. Here are the directions for mixing and using as given in the article:

Take two pounds of calcium arsenate, mix thoroughly with half gallon of warm water and then add one gallon of molasses (the cheapest blackstrap is best), applying to the cotton with a mop. A drop or two in the bud of each plant is sufficient. A very small quantity appears to be as effective as a large quantity. The main thing is to get it on at once and get it properly distributed. After the cotton is two or three feet tall a mixture of 2 1-2 gallons of molasses, 7 1-2 gallons of water and 10 pounds of arsenate may be applied with a spray pump. We got good results with this mixture last year, using an orchard spray pump with fire nozzles, easily covering 40 acres a day.

### Sweet Cucumber Pickles.

For two gallons of cucumbers, after they have been soaked fresh, take one gallon of good vinegar, half a teaspoonful each of white mustard seed, celery seed and ginger, four onions chopped, one tablespoonful each of black pepper and ground cloves, three tablespoonfuls of grated horseradish, one pound of sugar and one teaspoonful of syrup. Heat all together and pour over the cucumbers. They will be ready for use in one week, and are very fine.

In Cret writing was practiced 2,000 years before Christ.

## Produce Market

Chicago, July 1.—Movement of eggs from producing points to large markets is normal for this time of year. Quality at present is running very irregular, due to the hot weather and also to the fact that producers do not market eggs as frequently as they should. This is very important to insure obtaining top prices.

Live hens are moving well for the season of the year, and on account of the large number available, are selling on lower basis.

Young chickens are coming to market in increasing numbers each week, but as there is a very good demand, prices are steady, although pointing to a lower level.

Butter prices have worked higher, due to the fact there were some sales made for export shipment. Production has shown considerable decrease the last ten days, on account of the hot dry weather, but as the amount produced has been heavier than usual for the year to date, it is natural to look for normal production to continue, which

SWIFT & CO.

PAWHUSKA—Five hundred men are at work on the construction of a branch line of the Atchison, Topeka and Santa Fe railway between Pawhuska and Caney, Kansas, according to J. R. Alley, who is in charge of the construction. The track so far has been laid seven miles out of Caney, Alley said. Most of the work in Pawhuska is confined to completing the railway yards.

## Cecil B. De Mille May Open Specialty Shop.

Cecil B. De Mille may open a smart specialty shop for women! The famous motion picture producer has no intention of abandoning the screen however. He will continue to produce Paramount pictures whatever decision is reached on the subject of the proposed shop.

Feminine fashions in De Mille productions have attracted wide attention all over the world for several years. Cecil B. De Mille has received numberless letters from professional dressmakers and from women of fashion throughout the country begging him to turn over to them the designs of the gowns and other articles of feminine apparel used in his productions.

These requests in the past have met with a courteous refusal. Recently, however, the manager of a chain of great hotels approached the producer with the suggestion that Mr. De Mille open a shop or series of shops in these hotels in which might be sold the various articles used in DeMille pictures.

This request followed a visit of the hotel manager to the Lasky studio during the filming of "Saturday Night," the latest Cecil B. De Mille production, coming to McSwain theatre today and in which Claire West, the De Mille fashion designer is said to surpass all her previous efforts for sheer beauty and ultra-fashionable good taste.

Edith Roberts, Leatrice Joy, Julia Faye, Edythe Chapman and Sylvia Ashton are the feminine principals in this story of Jeanie Macpherson's. Conrad Nagel, Jack Mower, James Neill and John Davidson are the principal masculine players.

The aurora borealis is frequently accompanied by sound.

Thelma Martin was turned over to county officers today on a charge of shoplifting. She is alleged to have taken a dress valued at about \$30 from the Globe store last Saturday. The dress has been recovered. Police intimated that larceny charges would be filed against her. She is a resident of dark town.

Skilled repair work on all makes of batteries at reasonable prices. Kit Carson, Phone 2, 225 East Main. 6-1-1mo

Some delay is being experienced by contractors in charge of the laying of a new pipe line to the city lake. Practically all of the old pipe has been removed and most of the pipe already received put down. Not enough to complete the job has been received it was said. The city will take over the management of the lake on August 1.

Thomas Motor Co., for battery service. Phone 163. 212 West 12th. 11-28-1t

Many Ada people were reported to have spent Saturday night and Sunday in Sulphur. Among those who were in Sulphur from this place were: Misses May Guest, Ruth King, Buena Nolan, Helen Rogers, Francis Case, Ruth Mount, Thelma Cowart, Hattie Kidd, Ruth Johnson, Verla Cobb, Valley Thompson, Mrs. Della Bedford, Mrs. Noble Johnson, C. A. McClesky, Sam Schienberg, John McKeel, Nathan Levin, B. F. Short and Mr. and Mrs. M. Z. Thompson.

Voice.

Miss Kate Draper, teacher of voice, formerly of Oklahoma City, will be in Ada until the first of August. A number of pupils began lessons last week, others are beginning this week. Some are taking only two and three lessons per week, others are doing more intensive study with as many as six lessons per week. Both advanced pupils and those just beginning are eager to make the most of this opportunity, as Miss Draper will not open a studio in Ada this fall.

Miss Draper's work needs no recommendation to Ada people, as her pupils' singing—the voices of Russell Boud, Oscar Parker, Natalie Manville and others—testify better than mere words of Miss Draper's ability as a teacher of voice.

A four weeks' term, though short, is enough time for beginning pupils

to acquire a great deal in the line of correct singing, tone placing, breathing, style, stage presence, etc. and Miss Draper is glad to devote her time to all who may be interested in studying for this length of time.

Miss Draper does not personally solicit pupils. If interested you must come to her. Telephone 338-J or 626, or address her at 423 S. Rennie.

It was considered very effeminate to carry an umbrella when they were first introduced into the United States in the latter part of the eighteenth century.

## Rain Stops Sunday's Game in Ninth With Ada in the Lead

### SERIES OPENER TAKEN FROM VALLEY TEAM ON HEAVY FIELD 4 TO 2

#### Gierhart Is Hit Hard in Opening Rounds for Winning Runs.

Although the game was interrupted by rain and the teams were on a heavy field, Ada took her second game from Pauls Valley this year at Fair Grounds Park in a good game yesterday, score at the end of the first half of the ninth being 4 to 2. This was the first of a series of three games between the two teams. Ada goes to Pauls Valley today and will return home tomorrow for the annual Fourth of July game.

Few fielding errors were made, despite the heavy field and the game was fast for the most part. Each team drew six safe hits, Ada getting one for three sacks and Pauls Valley one for two bags. Four sacrifice hits, two of which resulted in Ada scoring, also featured the game.

West's fielding in center was a feature. In five chances, he only allowed one to go over him and four times in a row grabbed four hard ones out of the air, each sensational running plays. His long, quick pegs back to the infield prevented any of the long hits from resulting in sacrifices. Vernon also went into deep left twice in running catches for sensational outs, once preventing at least one run.

Fain got his longest hit of the season, knocking one into deep center for three sacks, scoring Vernon ahead of him. He in turned scored on West's sacrifice. Ada defeated the Valley club several weeks ago on their home field 8 to 1. A much better line-up was presented today by the valley and tomorrow's game here probably will be one of the year's best. It is expected to be the best of the series.

**Game by Innings**  
**First Inning**  
Pauls Valley—The game opened with a rush, Wade and Hale being thrown at first and Christian popping out to Fain with only four balls thrown. No runs, no hits, no errors.

Ada—Morrison started with a single to right, and R. Waner took first when L. Brewer dropped his long fly to left. Young sacrificed. Morrison and R. Waner advancing and Morrison scored on P. Waner's long sacrifice fly to left. Rutledge ended the frame by hitting a high one to Darling. One run, one hit, one error.

**Second Inning**  
Pauls Valley—Two singles were not enough for the visitors to score, for Shirley was put out, R. Waner to Rutledge, L. Brewer singled, remaining on first when R. Brewer popped out to Norman and went to second when Gierhart singled. Funk went out swinging, retiring the side. No runs, two hits, no errors.

Ada—Vernon singled, stole second and scored when Fain tripled to deep center; Norman whiffed and Fain scored on West's sacrifice fly to center and Morrison went out swinging. Two runs, two hits, no errors.

**Third Inning**  
Pauls Valley—Darling was thrown out by Fain. Wade flew out to center. Hale singled and was out at second, with Christian doing the forcing. No runs, one hit, no errors.

Ada—R. Waner whiffed and Young and P. Waner were thrown out at first to retire Ada in this frame. No runs, no hits, no errors.

**Fourth Inning**  
Pauls Valley—L. Brewer doubled to center after Shirley was thrown out by R. Waner, a sensational catch and returning peg by West retired R. Brewer for the second out and Gierhart was thrown out at first. No runs, one hit, no errors.

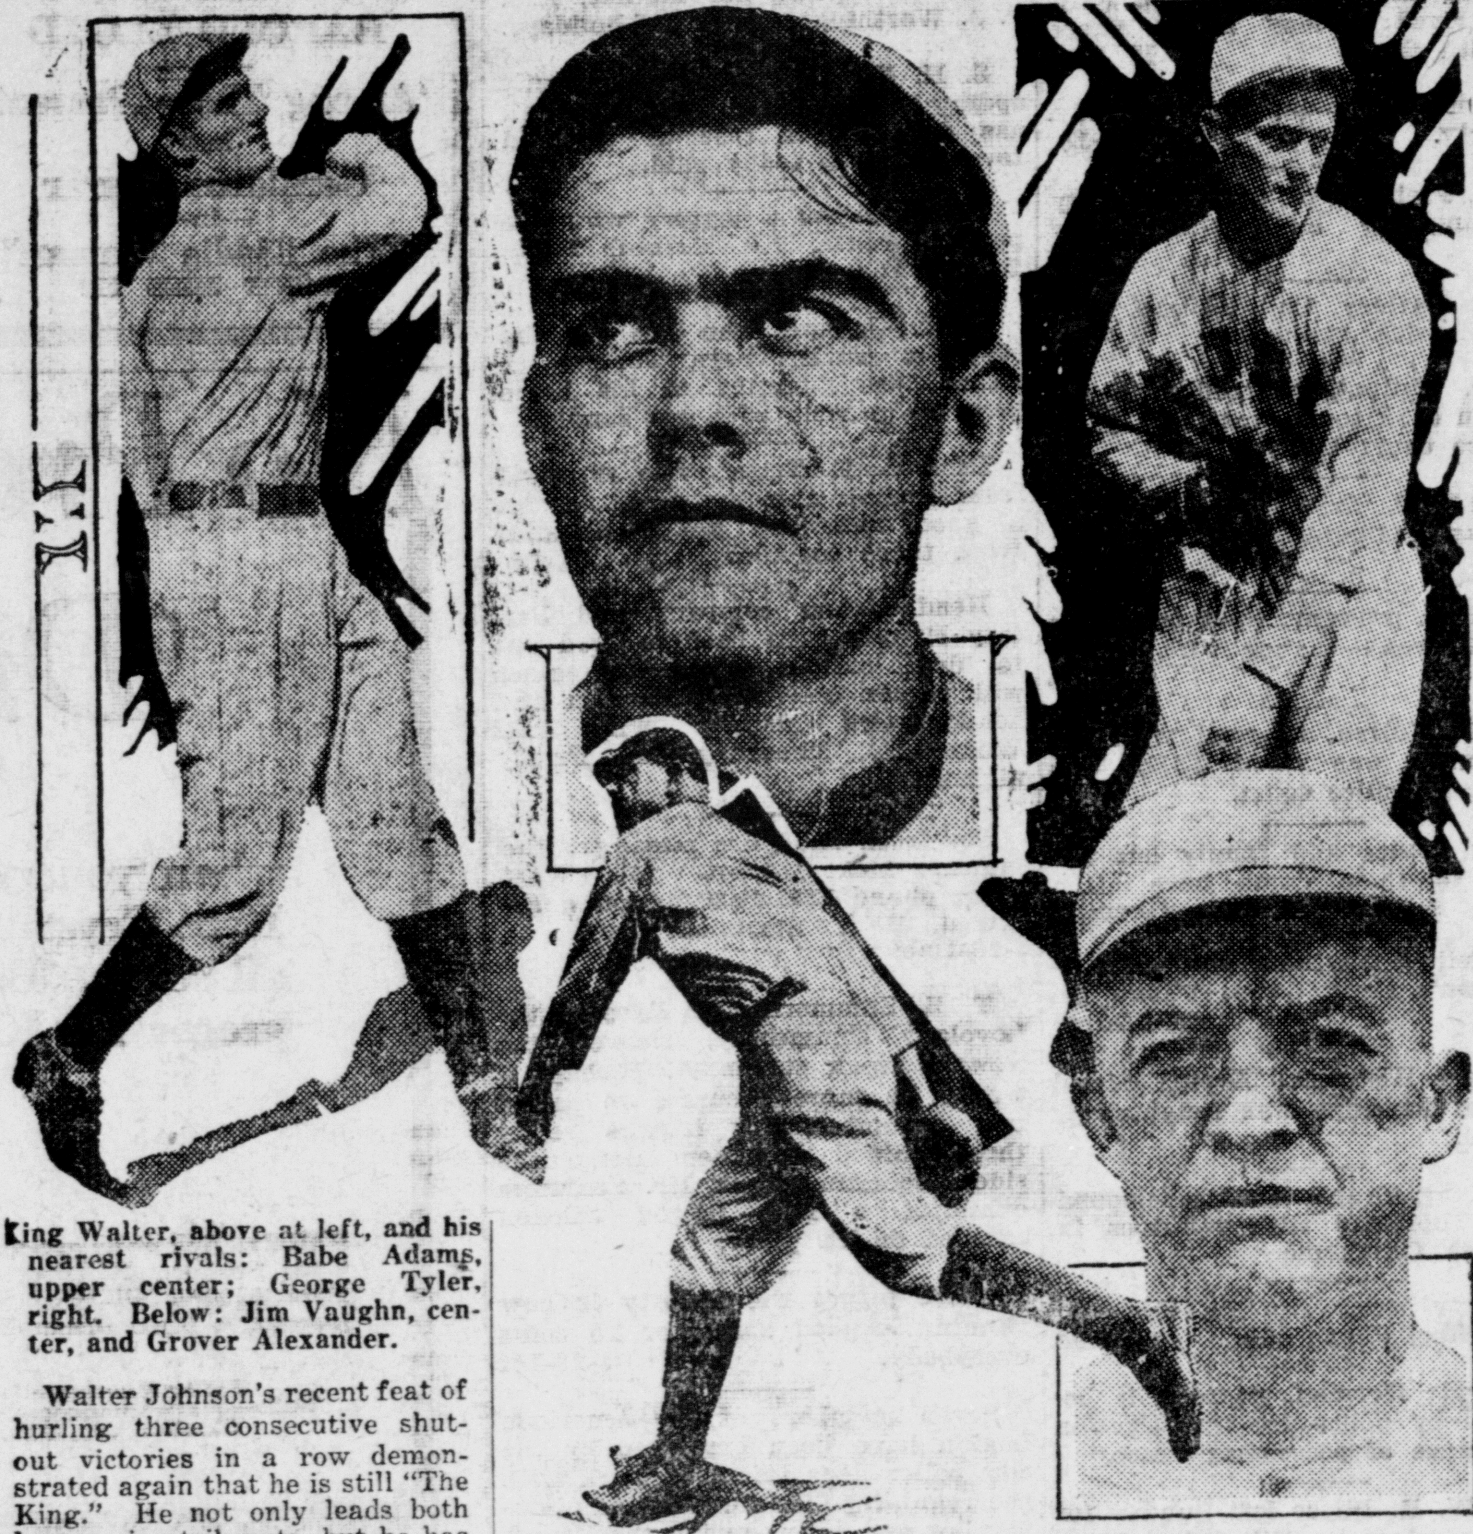

Ada—Rutledge started the frame with a single and was followed by a long fly to right by Vernon. Fain sacrificed Rutledge to second, but Norman's wild swinging retired the side. No runs, one hit, no errors.

**Fifth Inning**  
Pauls Valley—Funk singled for a starter, but the frame was evened up when West continued his stellar playing by taking two long flies in center by Darling and Wade, his return throwing preventing a sacrifice on either out. Hale was thrown out, retiring the side. No runs, one hit, no errors.

Ada—West was thrown out by Christian, but singles by Morrison and R. Waner, followed by an error on Young's hot grounder to Hale, filled the bases. Paul Waner stroked Morrison to score at home. A strikeout by Rutledge and a forced run by Vernon putting P. Waner out at second, ended the frame. One run, two hits, one error.

**Sixth Inning**  
Pauls Valley—Ada weakened in this frame, for after striking out Christian, P. Waner walked Shirley, L. Brewer following with a life at first on R. Waner's error and both

### WALT JOHNSON IS SHUTOUT KING OF BIG LEAGUES

King Walter, above at left, and his nearest rivals: Babe Adams, upper center; George Tyler, right. Below: Jim Vaughn, center, and Grover Alexander.

Walter Johnson's recent feat of hurling three consecutive shut-out victories in a row demonstrated again that he is still "The King." He not only leads both leagues in strikeouts, but he has entered the select class of hurlers who have pitched at a lifetime pace of .600 or better in percentage of games won. His

third shutout victory gave him a total of ninety-six whitewashes for his career and a percentage of .601 for 544 games pitched.

Grover Alexander ranks second as a strikeout star, Babe Adams third, Jim Vaughn fourth and George Tyler fifth.

### BOY SCOUT ATHLETIC MEET OPENED TODAY WITH MUCH INTEREST

#### Track and Field Events Stiffly Contested; Water Carnival This Evening.

Many out of town scouts were here this morning to compete with Ada boys for honors in a combination Boy Scout track and field meet and water carnival. Track events were under progress on College Field at an early hour this morning and boy scout contests were taken up at Glenwood Park this afternoon. Water events were scheduled to begin later today.

Harry W. Miller scout executive, stated early today that all his officials and assistants had reported for duty. He was pleased with the representation of boys from Francis, Stonewall, Fitzhugh, Stratford and other nearby towns, despite the bad condition of roads. Most of the track contests were reported to have been keenly contested.

Several weeks ago local scouts competed in a water carnival at Glenwood Park. The exhibition was well attended. A like demonstration, only on a larger and more complete scale, will be staged this afternoon. Crowds on the picnic grounds immediately after noon were given an exhibition of scout work, including first aid work, wood craft and advanced scouting contests.

Following the conclusion of the water contest this evening, local and county scout officials will publicly award prizes and badges to winners of events. Invitations are extended to all to attend this public awarding of honors to the youngsters, to be held at Glenwood Park.

There were approximately twice as many deaths from motor vehicle accidents in 1920 as there were in 1915.

### LEGION ANNOUNCES ALL IS READY FOR BOXING EXHIBITION

#### Smith, Lane, Douglas and London Here for Bouts Tuesday Evening.

Out of town men scheduled to fight here tomorrow night arrived in the city today and immediately went into the final workouts for the forthcoming engagements, being given under the auspices of the American Legion here. The legion tent, located on the picnic grounds at Glenwood park, was erected today and final plans made by both camps for one of the speediest exhibitions of boxing ever offered, according to those in charge.

Dick Smith and Joe London of Sapulpa, and Kid Douglas of Bartlesville, arrived at noon today and Earl Lane of Oklahoma City arrived this morning. Smith and Lane will furnish the main go for ten rounds. Lane is substituting for Cooper. Both men have had considerable experience and are known to be good fighters. Cooper was forced to withdraw on account of an injured ear.

Kid Douglas, a youngster of whom little is known here, is expected to give "Iron Jaw" Sparks a chance to prove the metal in said jaw tomorrow night when they mix blows for six rounds in the semi-windup. Joe London and "K. O." Stone will also battle for six rounds in the preliminaries.

A feature bout is promised in the bantam weight fight between Sailor Adair and Johnnie Baker, both of Ada. Each knows the style of fighting of his opponent, knows the force of blows the other is able to deliver and they have fought together before. They will go five rounds and if they show the same speed in the bout they have been showing in training, the bout will probably be one of the best on the entire program. Two other preliminaries will be fought.

### Many Stolen Bases and Double Plays Credited to Ada Club

Young and Vernon have five each for first honors in stolen bases on the records of Ada Independents for this season. Others with pilfered sacks are P. Waner 2, Norman 2, Fain 2, West 2, Thusen 1.

Paul Waner leads in home runs, having three to his credit, with Vernon, Young and Morrison one each. P. Waner also leads in the number of three-base hits, having two, with Rutledge, R. Waner, West and Fain one each.

Morrison is leading in doubles having four, with Rutledge second with 3 and R. Waner third with 2. Cover, Fain and Vernon have one each.

In ten double plays, made in 12 games, Rutledge has participated in every one. Only four of these plays were made over the same routes, two being P. Waner to Fain to Rutledge and the other two being Young to Rutledge. Fain and Young have participated in five double plays each. P. Waner three, R. Waner 2 and West 1. No triple plays have been made.

By Norman E. Brown  
**AN UNKNOWN STAR!**  
That's Dan Clark, the young second baseman on Ty Cobb's battling Tiger team.

Many of the youngsters who blow into the big league camps in the spring come after a dozen reams of copy have been written on them in advance. Little dope had been produced on Daniel.

Owen Navin purchased Clark, at Ty's request, from Wichita Falls in the Texas League where the boy starred last season. He broke in 165 games, fielding in brilliant style he handled 397 putouts, 395 assists and made but 45 bobbles, for the fair average of .945.

At bat he slammed out 19 home runs while hitting at a .325 gait all season.

OKLAHOMA CITY—Carl Williams, president of the American Cotton Growers' Exchange, is to address a meeting of the Jefferson county organization at Wauhatchie, July 8, according to director A. F. Duke. A number of questions, vital to the cotton grower, are to be discussed at the meeting, Duke said.

## Poor Richard Said

"A penny saved is a penny earned." In his day, pennies were as large as our quarters. Yet all the pennies in the world wouldn't have taken Poor Richard to a movie, bought him a flivver, or paid his street car fare. The pennies of a hundred years ago were not as big in buying power as those of today.

But Poor Richard's advice is still good. And it is no less valuable when applied to dollars instead of cents.

Every year you spend a large proportion of the money you earn. So much for clothing. So much for shoes. So much for things to eat, house furnishings, garden seeds, tools and what not.

There's just one way to save money in making your purchases. Know what you want before you buy. Read the advertisements.

They tell you what is new and good. They tell you where and when to buy to best advantage. They help keep you posted on what the stores and manufacturers are offering.

Read the advertisements. They save money and earn money for you.

## Cement Company's Grounds Are One of Ada's Beauty Spots

(By Welborn Hope)  
Perhaps the nearest resemblance  
in Ada to a miniature Garden of  
Eden is to be found in the grounds  
surrounding the general office build-  
ing of the Oklahoma Portland Cement  
Company. Few citizens of Ada, even  
those who are especially interested  
in civic beauty, realize this as prob-  
ably our best example of genuine  
landscape artistry.

Since the fall of 1917, J. L.  
Coffman, company landscape artist,  
has been exerting every effort to  
the end of beautifying the space im-  
mediately around the company of-  
fice. His experiments have been de-  
cidedly a success.

Inset in two acres of evenly mow-  
ed bermuda grass, are a score of  
designs, planned with as much pre-  
cision and care as an architect would  
plan a structure, in which repose  
nearly every species of radiantly  
tinted plant-life imaginable. At the  
north end of the plot is a large  
Siamese cross, inlaid with red-leaf  
cannas, in its center, and pink can-  
nas and zinnias along its wings.  
From point to point the cross is  
sixteen feet, and from a distance  
is an iridescent maze of color.  
Spreading, wing-like, around the  
cross is a hedge, two and one-half  
feet high, and which has been nat-  
ured and trimmed almost to per-  
fection. A gravelled driveway  
threads through the premises; at its  
side is a rose bed, composed of four  
different varieties of roses. On the  
east side of the office is a tri-  
angle, 424 feet in circumference; at  
regular distances are elephant-  
ear beds 14 feet in diameter, border-  
ed with layers of pink cannas. In  
between these beds are seen the  
drowsy forms of myriad periwinkles,  
resplendent in their garb of red and  
white.

Tuberose, pansies, hardy phlox,  
and roses, bordered with evergreen  
growing 14 inches high, fringe the  
foundation of the office. The walk  
in front is bordered with ever-  
green boxwood, 6 bungi catalpa  
trees, of that umbrageous beauty  
which is rarely excelled. In large  
beds on the west side are petunias  
and mosses of 8 distinct hues; the  
trees on this side are bordered  
around with exquisite coxcombs. The  
office itself is partly covered with  
ivy.

All in all, the plot is a glorious  
example of infinite patience and  
skillful workmanship, of which Ada,  
as well as the company, may well  
be proud.

## Wind and Rain Storm Does Heavy Damage in Vicinity of Bristow

(By the Associated Press)  
BRISTOW, July 3.—It was esti-  
mated today that property valued at  
\$75,000, including the storage tanks  
of the Roland Oil company, was  
destroyed in the wind and rain  
storm which visited this section  
Saturday night. There were no fa-  
talities.

1432 Feb. 1924.

## A SWEET LITTLE BABY BOY

Makes a Bright Spot in Every  
Home. A Comfort in  
Years to Come

Park Rapids, Minnesota.—"I have  
taken your medicine—Lydia E. Pink-  
ham's Vegetable  
Compound—when I  
was a girl for pains  
and before and after  
my marriage. I now  
have a sweet little  
baby boy and will  
send you his picture  
if you wish to publish  
it. My sisters also  
take your medicine  
and find it a great  
help, and I recom-  
mend it to those who  
babies are born."

Mrs. Wm. Johnson, Box 155, Park  
Rapids, Minn.

To marry and arrive at middle age  
without children is a great disappoint-  
ment to many women. Think of the joy  
and comfort other women have in their  
children as they grow older.

Lydia E. Pinkham's Vegetable Com-  
pound has helped to bring great happi-  
ness to many families by restoring wo-  
men to health. Often the childless home  
is due to a run down condition of the  
wife, which may be helped by Lydia  
E. Pinkham's Vegetable Compound. It  
brought health and happiness into the  
home of Mrs. Johnson. Why not to  
yours?

## A Cool Combination

If you are warm and want to get cool—come here.  
Cooling Drinks, Sodas, Ice Cream in taste-teasing  
dishes all welcome you to a cooler feeling.

We handle the best line of candy that can be bought,  
if you have ever tasted any of our candy—you never  
want any other kind. It comes in dainty boxes and  
is fully protected so that it reaches you in the same  
freshness with which it leaves the factory.

Make this confectionery your  
headquarters during the celebration

## ALLEN'S

LET A NEWS WANT AD GET IT FOR YOU

Putting aside business for one day, this  
store will be closed tomorrow, in order  
to fittingly celebrate

## THE GLORIOUS FOURTH

The Birthday of Our Country

## STEVENS-WILSON Co.

## "FOR THE INFORMATION OF THE PUBLIC"

The Missouri, Kansas & Texas Railway shopmen have joined in a strike  
called by the Federated Shop Crafts, Railway Employees' Department of the  
American Federation of Labor, in protest against the decision of the United  
States Railroad Labor Board, establishing wage rates and working conditions  
of employees.

Efforts by the Railroad Labor Board to avert the strike through peaceful  
means have failed. The striking employees have not negotiated with the manage-  
ment of the railroad over the questions at issue with the Labor Board, nor was  
the railroad given direct notice of their purpose to strike.

Uninterrupted transportation service is of paramount importance. The M.  
K. & T. Lines will, therefore, operate scheduled trains, exerting every effort and  
employing all necessary legal resources to protect the public against inconven-  
ience and loss. To the end that there may be no misunderstanding of the matters  
at issue in the strike, consideration of the following facts is requested:

The management of the M. K. & T. Lines has complied with the orders and rul-  
ings made by the United States Labor Board since its organization, in effort to peace-  
ably adjust disagreements with employees.

The United States Railroad Labor Board, after full and fair hearing, has declared  
that the wages established for railway shopmen, effective July 1st, are still above  
those paid in other industries.

There has not been, nor will there be, reductions in wages, or change in working  
conditions, of employees coming under the jurisdiction of the United States Railroad  
Labor Board, without the approval of that body.

As instances have arisen in which employees and the management are unable to  
agree as to the interpretation and application of rules established by the Labor Board,  
these differences have been submitted to the Labor Board, and its rulings complied  
with. This policy will be continued.

Lower transportation rates without impairment of service are impossible unless ac-  
companied by reductions in operating expenses. The Interstate Commerce Commission  
has declared reductions in freight rates to be necessary in the public interest. In con-  
formity with this declaration, the M. K. & T. has reduced freight rates, although the  
effect will be to decrease its revenues in a sum greatly exceeding the decrease in ex-  
penses which will result from the reductions in employees' wages, effective July 1st.

The strike of the shopmen is in protest against the declaration of the United  
States government, through the Interstate Commerce Commission and the Labor  
Board, that railroad employees and railroad managements should jointly make  
concessions to the end that the benefits of lower transportation charges, without  
impairment of service, may be passed on
